MOLD & MILDEW PROTECTANT **PRO**

WITH  **superstratum SMART POLYMERS**

Superior Mold & Mildew Protection

EarthSafe XMold Protectant uses patented adaptive, smart polymer technology for the best inhibitor sealer with unmatched protection against mold, mildew, and algae. EarthSafe XMold Protectant comes to life in the presence of moisture, releasing safe ingredients that inhibit biological growth in normal to wet conditions. Other products and cleaners fail to protect in as little as 10% humidity leaving you with no protection. EarthSafe XMold Protectant is a shield against mold and mildew.
